Synergy Associates now provides complete reporting capabilities for HPE Renew products

Internal – For HPE and Channel Partner Use Only

As of February 2015, Synergy Associates, an authorized HPE Renew distributor, now provides full sales out reporting for authorized HPE partners who purchase HPE Renew products from them (same-as-new mainstream HPE distributors).

This ensures that all information is captured and applied towards your partner benefits without the need to self-report.

If you have questions or need additional information, please contact Steve Stedman [via email](#) or by phone at 832-502-7404.

Best,
Steve
