

Recertified for the win!

Accelerate your sales revenue with a broad portfolio of servers customized and warranted as new.

Did You Know?

There is a Dell EMC distribution partner that can help you with PowerEdge server demand.

Meet:  **SYNERGY ASSOCIATES**

Synergy is Dell's leading Recertified Distributor delivering to USA and Canada. All Dell EMC Recertified products are warranted by the identical Dell EMC coverage as new equipment from the date of purchase. The warranty begins on day one, refreshing with the original warranty.

What is Dell Recertified?

Excess new or demo hardware that is certified by Dell and sold by the Dell Outlet and Synergy.

When does Recertified makes sense?

- When a custom server is required and your customer needs to meet a deadline.
- When there's a competitive opportunity and your customer has a lean IT budget.

How can Synergy help me?

- As your Dell distribution partner, Synergy's team helps you customize and deliver Dell solutions to your customers.
- All Dell Recertified sales from Synergy qualify for SCORE credit and will reflect on your ODR as an LSA.

CTO PowerEdge from Synergy

Synergy's Dell CTO program allows you to configure your Enterprise orders using Dell Supported Components with available Service Tag Updates for maximum customer value.
