# POWERING THE MISSION

## Affordable, Warrantied Dell Solutions for Nonprofits

### Challenge: Supporting a Mission with More Than Words

A nonprofit organization dedicated to empowering individuals with disabilities through job training needed to upgrade their aging IT infrastructure without stretching their limited budget. Their virtual environment, essential to daily operations, required a high-availability, scalable solution that balanced performance and cost-effectiveness. Through a partnership with a Dell Titanium Partner and Synergy Associates, they found a solution that matched their technical and mission-driven needs.

### Solution: Synergy helps Deliver High-Impact, Budget-Friendly Tech

Through the expertise of the Dell Titanium Partner and Synergy, the nonprofit secured a Dell PowerEdge R740XD 24SFF CTO server at an impressive 82% discount off the Dell list price. Equipped with dual Intel Xeon Silver processors, 512GB of memory, and 26.88TB RAID storage, the server was built to handle current demands and future growth. Backed by a 5-year Dell Next Business Day warranty, this recertified server provided the customer with powerful, worry-free performance.

**With reliable performance and rapid deployment, our Dell customer can now concentrate on its core mission of empowering individuals through job training, confident that their IT infrastructure is secure and primed for future growth.**

Jeff Davis, Senior Account Manager at Synergy Associates, shared, “Working with Dell Partners to balance performance, reliability, and budget is always rewarding experience. We’re proud to support the nonprofit organization’s impactful mission with technology that enables them to keep serving their community.”
